In re: Low Power Television Application of:
Roy William Mayhugh
Channel 8, Los Angeles, CA.
File number BPDVL-20080123AAA
Facility Id No.: 28566

Dear Applicant:

We are currently processing your above-referenced application. Our preliminary engineering review reveals that your proposed facility does not comply with the Commission's interference rules. Specifically, the proposal is predicted to cause interference to the following facilities:

1. KFMB-TV, San Diego, CA. – BPCDT-20080317ABU

You are hereby given the opportunity to file a minor amendment to resolve the specified interference problem within (30) days from the date of this letter. Amendments must be filed electronically. If not so amended, your application will be considered incomplete and subsequently dismissed.

Your response and resolution to the interference issue above as addressed to you in a letter dated March 06, 2009.

Subject: Re: FCC Letter 1800E3-JCF

Dear Mr. Graser,

Please be advised that I am unable to obtain an interference letter from KFMB and I am also unable to find an engineering solution that allows me to modify my application in a manner that would not require seeking Mexico concurrence again.

Therefore I request that you dismiss application BPDVL-20080123AAA.

Thank you for working with me on this. Contact me if you need anything further.

Best Wishes,

Roy

End of imported e-mail:

Per your e-mail request as imported above, the above referenced application BPDVL-20080123AAA IS HEREBY DISMISSED.

Sincerely

Hossein Hashemzadeh
