Dear Alan,

I enjoyed talking with you over the phone a few days ago. Thank you for your kind words of encouragement to move our stations forward.

Since, I spoke with you we have placed our WKOG - LP 31, Indianapolis, IN on the air, with twenty-four (24) hours a day of TV programs around the clock (with our stations' ID every half hour).

We have been on the air since, Monday, April 27, 2009, around the clock airing television programs,  
on WKOG-LP 31, here in Indianapolis, IN.

I will be filing a request to Resume to Broadcast Operations, for this station.

And I will request that our current request for STA be canceled.

Please look for these completed forms to be coming your way, soon.

Also, we will be working to have WKGK-LP in Kokomo, IN on the air with 24 hour television programs, as well, asap.

The Lord God Almighty will especially bless you, Hossien and all the others there at the FCC for encouraging me in this matter.

Remembering you each in prayer,

SisterSue Jenkins, S.F.C.C.  
317-926-3000 office  
317-920-1000 cell

Sister Sue: It was nice talking to you. I believe you understand that time is of the essence to return these stations to the air. When that is done, or if you have further questions, do not hesitate to call.

Alan
