Re: KFI(AM), Los Angeles, California
Facility Identification Number: 34425
Capstar TX Limited Partnership
Special Temporary Authorization

Dear Counsel:

This is in reference to the request filed August 18, 2008, on behalf of Capstar TX Limited Partnership (Capstar) for further extension of the special temporary authority (STA) granted on February 11, 2005, and modified on February 22, 2008, for continued operation of Station KFI with temporary facilities.¹

Our review indicates that, subsequent to the filing of the extension request, Capstar completed construction of modified facilities authorized by Construction Permit BP-20070201BSB, and that License BL-20081001AVI, to cover the permit, was granted on June 2, 2009. In light of the foregoing, STA is no longer necessary.

Accordingly, the request for extension of STA IS HEREBY DISMISSED.

Sincerely,

Charles N. Miller, Engineer
Audio Division
Media Bureau

cc: Capstar TX Limited Partnership

¹ KFI is licensed for operation on 640 kHz with 50 kilowatts, unlimited hours, employing a nondirectional antenna (ND-1-U). Auxiliary antenna BXL-20000216AAQ is licensed for operation with 25 kilowatts, unlimited hours.
