Re: 1TV.com, Inc.
KBSZ (AM), Wickenburg, Arizona
Facility Identification Number: 11217
Special Temporary Authority

Dear Mr. Low:

This is in reference to the request filed February 27, 2009, on behalf of 1TV.com, Inc. ("1TV"). 1TV requests special temporary authority ("STA") to operate Station KBSZ with temporary facilities.¹ In support of the request, 1TV states that it has lost the lease for its currently licensed site and that local zoning issues have prevented it from constructing the tower authorized by Construction Permit BP-20071107ACH.

Our review indicates that the request fails to specify the details of the technical facilities proposed for the requested STA operation; therefore, we are unable to reach a conclusion that the Public Interest would be served by grant of the request. Pursuant to Section 73.1635(a)(2), STA requests "...shall fully describe the proposed operation..."

In this connection, we note that neither is STA necessary for construction of the tower authorized by the Construction Permit, nor would grant of an STA circumvent the local zoning requirements for construction of the tower. If a temporary antenna other than the authorized tower is proposed, the STA request must include a complete description of such temporary antenna.

Accordingly, the request for STA IS HEREBY DISMISSED. The action taken herein does not preclude 1TV from filing a new request in compliance with the Commission's technical rules and our STA policies.

Sincerely,

Charles N. Miller, Engineer

¹ KBSZ is licensed to Wickenburg, Arizona, for operation on 1260 kHz with 0.35 kW daytime and 0.1 kW nighttime, nondirectional (ND-2-U). Construction Permit BP-20071107ACH authorizes relocation of the station to Apache Junction and a power reduction to 0.32 kW daytime and 0.05 kW nighttime.
