Facility ID No. 16652

Gentlemen:

This is with respect to the petition filed by Agri-Valley Communications, Inc. for reconsideration of the grant of the above-referenced application for minor modification of low power television station WXON-LP, channel 54, Flint, Michigan, licensed to P & P Cable Holdings, LLC. P & P did not file an opposition.

The construction permit for the granted minor modification expired on February 1, 2008, and we have no record of receiving a tolling notification from P & P.¹ Accordingly, the construction permit for minor modification of station WXON-LP IS CANCELLED and the petition for reconsideration filed by Agri-Valley Communications, Inc. IS DISMISSED AS MOOT.

Sincerely,
