Dear Applicant:

You were given the opportunity to file a minor amendment to resolve these specified interference problems within (30) days from the date of this letter. Amendments must be filed electronically. If not so amended, your application will be considered incomplete and subsequently dismissed.

Our records indicate that an amendment was filed on October 1, 2009, in response to the above referenced 30 day letter. Our engineering review, including the specification of the amendment, reveals that your facility still does not comply with the Commission's interference rules. Specifically, the proposal is predicted to cause interference to the following facilities:
