In re: Low Power Television Application of:
EICB East, LLC
Channel 51, Dallas, TX.
File number BPDTL-20090825ATC
Facility Id No.:127785

Dear Applicant:

We are currently processing your above-referenced application. Our preliminary engineering review reveals that your proposed facility does not comply with the Commission's interference rules. Specifically, the proposal is predicted to cause interference to the following facilities:

1. KATA-CD, Mesquite, TX. – BLDTA-20090604ABX

We are not accepting or using the Full Service Mask in our interference analysis until it becomes part of our technical rules.

In addition to the above interference issue, our preliminary engineering review revealed that your proposed relocation exceeds 30 miles.

As an alternative, if you wish to proceed with the above mentioned relocation, please refer to Public Notice DA 09-1487 - Released June 29, 2009.

You are hereby given the opportunity to file a minor amendment to resolve the specified interference problem and the proposed relocation issue within (30) days from the date of this letter. Amendments must be filed electronically. If not so amended, your application will be considered incomplete and subsequently dismissed.

Sincerely

Hossein Hashemzadeh
