In re: 1TV.COM, Inc. (1TV)  
KBSZ(AM), Apache Junction, AZ  
Facility ID No. 11217  
File No. BMP-20090731AFG

Dear Mr. Monahan:

This letter is in reference to the above-captioned minor change application filed by 1TV to modify the construction permit (File No. BP-20071107ACH) to change the transmitter site, tower height, and daytime power.

A preliminary review of the application reveals that the environmental statement is not acceptable. As a result, we recommend that 1TV review the checklist prepared by the Wireless Telecommunications Bureau (see web page [http://wireless.fcc.gov/siting/EA\\_checklist.pdf](http://wireless.fcc.gov/siting/EA_checklist.pdf)) to support all environmental statement conclusions. In addition, the daytime electrical height of 31.2° was different than the nighttime electrical height of 39.2°, therefore this error must be corrected based upon the exhibits provided in the application.

Further action on the subject application will be withheld for a period of thirty days from the date of this letter to provide an opportunity to amend the application. Failure to amend or respond will result in the dismissal of the Application BP-20070720ACR pursuant to Section 73.3568 of the Commission's rules.

Sincerely,

Son Nguyen  
Supervisory Engineer
