Re: Keymarket Licenses, LLC
WFGI (AM), Charleroi, Pennsylvania
Facility Identification Number: 21215
Special Temporary Authority

Dear Mr. Deppen:

This is in reference to the request filed December 2, 2009, on behalf of Keymarket Licenses, LLC ("KML"). KML requests extension of the special temporary authority ("STA") granted on June 2, 2009, to operate Station WFGI during daytime hours with reduced power.¹ In support of the request, KML states that it has made progress toward repair of its transmitter, but that the need to manufacture a custom part has delayed completion of the repair work.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Our review indicates that the licensee has made progress toward restoration of licensed operation, but additional time is required for completing the work. Thus, extension of STA is warranted.

Accordingly, the request for extension of STA IS HEREBY GRANTED. Station WFGI may continue to operate with reduced power. It will be necessary to further reduce power or cease operation if complaints of interference are received. KML must notify the Commission when

¹ WFGI is licensed for operation on 940 kHz with 0.25 kilowatt daytime and 0.005 kilowatt nighttime, employing a nondirectional antenna (ND-1-U).

licensed operation is restored.² KML must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **June 11, 2010**.

Sincerely,

A handwritten signature in blue ink, appearing to read "Charles N. Miller".

Charles N. Miller, Engineer
