In re: KFLB(FM), Odessa, TX
Family Life Broadcasting, Inc.
Facility ID #39893
BPED-20060320AFQ

Dear Applicant:

This refers to the above-captioned minor change application to modify the height above average terrain and directional antenna pattern.

An engineering study of the application reveals that it is in violation of 47 C.F.R. § 73.509 with respect to second-adjacent channel Class A construction permit (BPED-19981001MB) for KAQQ(FM), Midland, TX. Specifically, the proposed protective contour (60 dBu) would receive overlap from the interfering contour (100 dBu) of KAQQ by as much as 1 kilometer between the azimuths from 113°T to 118°T.

In light of the above, Application BPED-20060320AFQ is unacceptable for filing pursuant to 47 C.F.R. § 73.3566(a) and is **HEREBY DISMISSED**. This action is taken pursuant to 47 C.F.R. § 0.283.

Sincerely,

Rodolfo F. Bonacci
Assistant Chief
