Dear Hossein,

The license to cover application for K18IL-LD (BLDTT-20100115ACK) was inadvertently filed. This particular construction permit was not built out as of the date filed but I received information that it was and filed the application. In the meantime, the application was granted and then I found out the construction permit was not yet completed. Please take the appropriate action to disregard the application and license for K18IL-LD. When the construction permit is completed, a new application for license to cover will be submitted.

Thanks for your attention to this matter.

Sincerely,

A handwritten signature in cursive script that reads "Greg Best, PE".
