Dear Applicant:

We are currently processing your above-referenced digital license application. Our preliminary engineering review reveals that the above digital license application was filed to cover the underlying digital flash cut construction permit BDFCDTL-20080924AAC. The underlying digital construction permit expired on October 12, 2008; therefore, the above referenced digital license application IS HEREBY DISMISSED.

Further review indicates that your analog original and modification construction permits have expired on October 12, 2008 and no analog license was filed to cover prior to the expiration of the analog modification construction permit; therefore, in addition to the above dismissal of the digital license application; the original analog construction permit BNPTTL-20000828AKA, the analog modification construction permit BMP TTL-20070604ADC and the underlying digital flash cut construction permit BDFCDTL-20080924AAC ARE HEREBY CANCELLED and the Call Sign KXLJ-LD IS HEREBY DELETED.

Sincerely
