In re: KDBN(FM), Parachute, CO
Facility ID No.: 162254
Cumulus Licensing, LLC ("Cumulus")
BPH-20080402ABB

Dear Applicant:

This letter refers to the above-captioned application to modify transmitter site, channel, effective radiated power, height above average terrain, and radiation center above mean sea level.

By letter dated September 22, 2009, the Audio Division staff provided the applicant 30 days to submit a written update regarding the environmental certification. Furthermore, the letter stated that the applicant must provide follow-up updates every 60 days thereafter. On October 30, 2009, Cumulus filed a response to the letter indicating that the environmental study had not been completed. However, as of the date of this letter, the Division has not received a further written response. In the September 22, 2009 letter, the Division stated "[f]ailure to respond within this time period or to provide the written updates every 60 days will result in the dismissal of the application for failure to prosecute pursuant to 47 C.F.R. § 73.3568(a)(1)."

Therefore, in light of the above, application BPH-20080402ABB IS HEREBY DISMISSED for failure to prosecute pursuant to 47 C.F.R. § 73.3568(a)(1). This action is taken pursuant to 47 C.F.R. § 0.283.

Sincerely,

Rodolfo F. Bonacci
Assistant Chief
Audio Division
Media Bureau
