Dear Applicant:

This letter refers to the above-captioned application for a minor modification of station WCRT, Donelson, Tennessee to increase daytime antenna input power.

An engineering review of the application reveals that the proposed daytime operation would increase groundwave contours overlap to co-channel stations WKCM(AM), Hawesville, Kentucky, WQRT(AM), Florence, Kentucky, and first-adjacent channel station WLOC(AM), Munfordville, Kentucky, in violation of 47 CFR § 73.37(a). (See attached exhibit).

Accordingly, further action on the subject application will be withheld for a period of thirty (30) days from the date of this letter to provide you an opportunity to submit an amendment. Failure to amend or respond within this time period will result in the dismissal of the application pursuant to Section 73.3568. Please note that any amendment must be submitted in the same manner as the original application.

Sincerely,

Son Nguyen, Supervisory Engineer
