In re: K215CB, Manitou Springs, CO
BPFT-20100218ADR
Facility ID # 76196

Dear Applicant:

This refers to: (1) the above-captioned application for K215CB, Colorado Springs, Colorado.

An engineering study has revealed the application violates 47 C.F.R. § 74.1204(a) with respect to KRWA(FM), Rye, CO (BPED-20100330AER). Section 74.1204(a) states that an application for a FM translator station will not be accepted if the proposed operation would involve prohibited overlap of predicted field strength contours with any other authorized station. The proposed 40 dBu interference contour overlaps the 60 dBu protected contour of KRWA(FM).

In light of the above, the application BPFT-20100218ADR filed by WAY-FM Media Group, Inc. is unacceptable for filing pursuant to 47 C.F.R. § 73.3566(a) and IS HEREBY DISMISSED. This action is taken pursuant to 47 C.F.R. § 0.283.

Sincerely,

James D. Bradshaw
Deputy Chief
Audio Division
