Dear Mr. McCormick:

This is in reference to the above-captioned licensed application for to cover Construction Permit BP-20090313ABE to augment the WNAP(AM) daytime directional antenna system.

A preliminary study of the application reveals that the distances of the monitoring point disagree with those on WNAP(AM)'s licensed authorization BML-20081024AFE. Specifically, the distance of the 27.5° monitoring point specified in Exhibit 1-A is 2.49 km while the licensed distance is 2.57 km, and the distance of the 297° monitor point is specified as 2.98 km while the licensed distance is 1.85 km. In order to change the monitoring point locations, a written description and photograph of the new monitor points must be provided as required by Section 73.158.

Further action on the subject application will be withheld for thirty (30) days from the date of this letter in order to provide an opportunity to file an amendment. Failure to respond or file an amendment within this time period will result in the dismissal of the application pursuant to Section 73.3568 of the rules.

Sincerely,

Son Nguyen
