Request for Program Test Authority

Dear Permittee:

This letter is in reference to WZKF's request for program test authority ("PTA") filed May 7, 2010 and the simultaneously filed application for license to cover Construction Permit BPH-20090615AEX. The PTA request included exhibits demonstrating compliance with special operating conditions regarding the directional antenna.

A review of WZKF's request for program test authority reveals that the directional antenna was constructed and installed pursuant to the terms and conditions of Construction Permit BPH-20090615AEX, and the provisions of 47 C.F.R. § 73.1620. Accordingly, Program Test Authority IS HEREBY GRANTED to commence operation pending further action on WZKF's license application BLH-20100507ACN.¹ The effective radiated power is 43 kilowatts (H&V) and the transmitter power output is 20.0 kilowatts.

Sincerely,

Rodolfo F. Bonacci
