RE: Lincoln Financial Media of Colorado Station
KEPN, FCC Facility ID: 30823
Notification of Digital Operation pursuant to Section 73.404

Dear Ms. Dortch:

On January 15, 2010 we sent a letter noting an apparent error in the FCC records of Lincoln Financial Media of Colorado stations: Although the stations supplied timely Notification of Digital Operation, they were not listed as analog and digital facilities nor were their notifications shown as accepted for filing. With the January letter we included copies of each station's notification letter, as submitted by the station director of engineering, Brad Hart and as recorded in the stations' public files. The FCC Web site indicates that the records for KQKS, KKFN, and KRWZ have been updated and their notifications accepted but, as of this date, the record for KEPN has not. I have attached another copy of the original notification letter.

Lincoln Financial Media Company of Colorado again requests that the record for KEPN be corrected and that the letter of December 8, 2008 be recorded as timely notification of digital operation. No interference has been reported and requirements with respect to the digital operation are in compliance with the Commission's Rules.

Any questions concerning this notification should be directed to the undersigned.
