Re: KWKH(AM), Shreveport, Louisiana
Facility Identification Number: 60266
GAP Broadcasting of Shreveport License, LLC
Special Temporary Authorization

Dear Counsel:

This is in reference to the request filed July 2, 2010, on behalf of GAP Broadcasting of Shreveport License, LLC ("GAP"). GAP requests extension of the special temporary authority ("STA") granted on February 2, 2010, to operate Station KWKH during nighttime hours with an emergency nondirectional antenna and reduced power.¹ In support of the request, GAP provides a report of its progress toward repair of the underground control circuitry associated with the nighttime directional antenna system.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Our review indicates that the licensee has made progress toward restoration of licensed operation, but additional time is required for completing the work. Thus, extension of STA is warranted.

Accordingly, the request for extension of STA IS HEREBY GRANTED. Station KWKH may continue to operate during nighttime hours with an emergency nondirectional antenna and reduced power not to exceed 12.5 kilowatts. It will be necessary to further reduce power or cease operation if complaints of interference are received. GAP must notify the Commission when

¹ KWKH is licensed for operation on 1130 kHz with 50 kilowatts, unlimited hours, employing a directional antenna during nighttime hours only (DA-N-U).

licensed operation is restored.² GAP must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **February 10, 2011**.

Sincerely,

A handwritten signature in blue ink, appearing to read "Charles N. Miller". The signature is fluid and cursive, with the first name "Charles" being the most prominent.

Charles N. Miller, Engineer
