Re: Experimental Operation of Conditional Access
Kansas Public Radio
KANU(FM), Lawrence, KS
Facility ID No. 69350

Dear Ms. Dortch:

The Kansas Public Radio hereby requests experimental authority for noncommercial educational radio station KANU (FM) to conduct tests of the HD Radio system using conditional access transmission on the HD-3 multicast channel. The experimental authority is requested pursuant to 47 C.F.R. § 73.1510 for a period of three months.

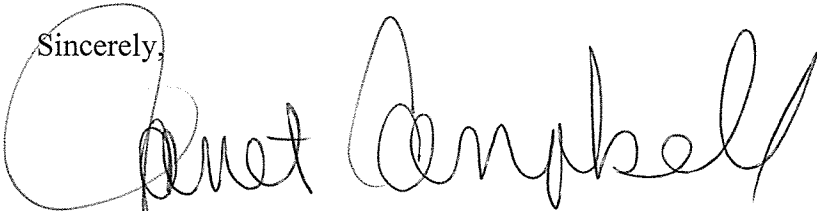

The requested operation with conditional access HD Radio is to be conducted in conjunction with National Public Radio (NPR) as part of a study of the system for radio reading services for the blind and physically handicapped. Programming will be supplied by Kansas Audio Reader, of Lawrence KS, which currently provides radio reading service programming via SCA subcarrier on KANU. The planned tests will evaluate the usability of new conditional access receivers by users, the sound quality and signal coverage capabilities. A copy of the report, detailing test procedures and technical findings, will be provided to the Commission at the conclusion of experimental operation.

All testing will be conducted on KANU's regular transmitter system. Because the HD-3 emission is added on digital subcarriers closer to center of the FM channel, and because the spectral power density will not be increased relative to the present primary main digital subcarriers, it is expected there will be no effect to interference potential of other stations. However, all testing will be conducted on a non-interference basis and in compliance with the NRSC-5-B Standard. Technical questions may be directed to Steve Kincaid, telephone 714-864-4691, email skincaid@ku.edu.

The Commission's Public Notice DA-05-609 specifies that no filing fee is required to accompany this request; and in any event, KANU is exempt from filing fees because it is a noncommercial educational licensee.

Anti-drug abuse certification: The applicant certifies that to the knowledge of KANU, no party to this request, as defined in 47 C.F.R. Section 1.2002(b), is subject to a denial of federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C. Sec 862.

Sincerely,

A handwritten signature in cursive script that reads "Janet Campbell". The signature is written in black ink and is positioned to the right of the word "Sincerely,".
