Re: Listeners Community Radio of Utah, Inc.
KZCL(FM), Logan, Utah
Facility Identification Number: 89301
Special Temporary Authority

Dear Counsel:

This is in reference to the request filed June 1, 2010, on behalf of Listeners Community Radio of Utah, Inc. ("LCR"). LCR requests special temporary authority ("STA") to operate Station KZCL with emergency antenna facilities pursuant to Section 73.1680.¹ In support of the request, LCR states that the station's antenna has been damaged and returned to the manufacturer for repair.²

Our review indicates that, subsequent to the filing of the instant STA request, LCR discontinued operation of the station on July 31, 2010, and filed a request for authority to remain silent on August 30, 2010. Because the station is no longer in operation, the requested STA for operation with an emergency antenna is not necessary.

Accordingly, the request for STA IS DISMISSED. This action is taken pursuant to 47 CFR Section 0.283.

Sincerely,

Charles N. Miller, Engineer
Audio Division
Media Bureau

cc: Listeners Community Radio of Utah, Inc.

¹ KZCL is licensed for operation on Channel 213A (90.5 MHz) with effective radiated power of 1.0 kilowatt (H&V) and antenna height above average terrain of 112 meters.

² However, the request fails to specify the nature of the emergency antenna which was in use.
