Re: Multicultural Radio Broadcasting  
Licensee, LLC  
WEXY(AM), Wilton Manors, FL  
Facility Identification Number: 9730  
License application: BMML-20100317ABW

Dear Counsel:

After review of the subject license application, as amended on July 15, 2010, the staff cannot verify that the nighttime antenna monitor parameters shown on Form 302-AM are correct. The circuit calculations performed to relate current magnitude and phase at the tower base, as computed by the moment method software, to the corresponding readings at the sampling location appear to show incorrect phase shifts.

Further action on the subject license application will be withheld until the applicant submits an amendment addressing the deficiencies described above. Failure to respond within 60 days from the date of this letter may result in dismissal of the application pursuant to 47 CFR Section 73.3568(a)(1).

Sincerely,

Ann Gallagher  
Audio Division  
Media Bureau
