Re: Low Power Television Stations Authorizations
held by MS Communications, LLC

Dear Mr. Loflin:

This refers to the Low Power Television Stations set forth in the attachment that are held by MS Communications, LLC.

In a letter dated September 9, 2010, you were advised that the Commission has received a complaint that these stations are not operating, may never have been constructed and/or operated as authorized.

As part of our investigation of this matter, you were asked to provide specific information regarding the construction and operation of these stations supported by affidavit of the licensee, its managing member or other officer or employee with personal knowledge thereof. You were requested to provide that information and appropriate documentation within thirty (30) business days from the date of that letter. You were also advised that the failure to provide the requested information would result in the denial of any pending requests for authority or relief and/or cancellation of station authorizations.

As of this date, we have received no response to the September 9, 2010 letter of inquiry.

Accordingly, the authorizations for the stations set forth in the attachment ARE
HEREBY CANCELLED, and the call letters for each station ARE HEREBY DELETED.

Sincerely,

Hossein Hashemzadeh
Associate Chief, Video Division
Media Bureau
