In re: KZUM(FM), Lincoln, NE
Sunrise Communications, Inc.
Facility ID No. 63955
BPED-20101008ACH

Dear Applicant:

This letter is in reference to the above-captioned application to modify the transmitter location, and radiation center above ground.

An engineering study of the application reveals that it is in violation of 47 C.F.R. § 73.509 with respect to second-adjacent channel Class C3 license (BLED-20100602AJP) for KNBE(FM), Beatrice, NE and co-channel Class C2 construction permit (BMPED-20100106AAY) for KHLW(FM) Tabor, IA. Specifically, the proposed interfering contour (100 dBu) will cause prohibited overlap to KNBE's protected contour (60 dBu). With respect to KHLW, the proposed protected contour (60 dBu) will receive prohibited overlap from KHLW's interfering contour (40 dBu) by as much as 5 kilometers between the azimuths of 58° T to 163° T. This was not addressed in the application. This violation constitutes an acceptance defect.

In light of the above, Application BPED-20101008ACH is unacceptable for filing pursuant to 47 C.F.R § 73.3566(a) and is HEREBY DISMISSED. This action is taken pursuant to 47 C.F.R § 0.283.

Sincerely,

Edna V. Prado
