Grand Junction, Colorado 81506

In re: Western Slope Communications, LLC (Western)  
KRGs(AM), Rifle, Colorado  
Facility Identification Number: 71960  
File No. BP-20091006ACF

Dear Mr. Holmes:

This is in reference to: the above-captioned minor change application filed by Western to change the KRGs(AM) transmitter site and non-directional antenna system; our May 27, 2010, letter requesting a curative amendment;<sup>1</sup> the July 12, 2010, letter requesting an additional 30 days to amend; our July 28, 2010, letter granting an additional 30 days to amend; and the September 2, 2010, requesting an additional 60 days to amend.<sup>2</sup>

Western has filed two requests for additional time to amend the application since the application was originally filed on October 6, 2009. Accordingly, Western is granted 60 days from September 2, 2010, to file the amendment. No further extensions of time to file the requested amendment will be considered. **Further action on the subject application will be withheld to allow time to amend.** Failure to amend or respond by **November 2, 2010**, will result in the dismissal of the application pursuant to Section 73.3568 of the Commission's rules.

Sincerely,

Son Nguyen  
Supervisory Engineer  
Audio Division  
Media Bureau

cc: Timothy Cutforth

<sup>1</sup> The letter requested the following: removal of conflict with NEW, Flagstaff, Arizona (BNP-20040126AJW); site plat; USGS 7.5 minute topo map; corrected radiator height; and removal of all duplicate exhibits.

<sup>2</sup> Western claims the July 28, 2010, Commission letter was sent to the wrong address, but the letter did not specify the correct current mailing address for Western. Accordingly, Western must supply the correct current mailing address in the electronic amendment.
