

The Colleges of the Seneca
300 Pulteney Street
Geneva, NY 14456

Dec 23, 2010

Dear Colleges of the Seneca,

We have reviewed your application, FCC file number BPED-20070907ADI, for a minor modification to WEOS-FM, Geneva, NY. The application specifies a move from channel 209, 89.7mhz to channel 208, 89.5mhz. We understand and are aware that a small amount of third adjacent overlap will be created to our WCIY, Canandaigua, NY facility (FID 20643) which is operating on channel 205, 88.9mhz.

We do not feel that this area of overlap is significant and therefore are in agreement to an FCC grant of application BPED-20070907ADI.

Sincerely

A handwritten signature in black ink, appearing to read "Richard Snavely", is written over the printed name.
