Mark Snow, Managing Member Red Mountain Broadcasting, LLC Box 70937 Tuscaloosa, Alabama 35407

Re: Red Mountain Broadcasting, LLC

W276BQ(FX), Birmingham, Alabama Facility Identification Number: 141539

Special Temporary Authority

Dear Mr. Snow:

This is in reference to the request filed January 5, 2011, on behalf of Red Mountain Broadcasting, LLC ("RMB"). RMB requests modification of the special temporary authority ("STA") granted on January 4, 2011, to operate FM Translator W276BQ with temporary facilities.<sup>1</sup>

In support of the request, RMB states that it has located a new, temporary site that more nearly replicates the coverage from the licensed site. RMB provides technical details for the proposed temporary operation.

STA requests which involve a change in transmitter site must include four critical elements: (1) Loss of the licensed site must be beyond the licensee's control; (2) STA facilities must continue to provide service<sup>2</sup> to the licensed community; (3) STA facilities must maintain, as closely as practicable, the licensed service area<sup>3</sup> without extending it; (4) STA facilities cannot involve the construction of towers intended for permanent use by the station requesting the STA. our review indicates that the proposed operation complies with the foregoing criteria.

Accordingly, the request for modification of STA IS HEREBY GRANTED. Station W276BQ

<sup>&</sup>lt;sup>1</sup> W276BQ is licensed for operation on Channel 276D (103.1 MHz) with effective radiated power of 0.13 kilowatt (H&V) and antenna height above ground of 307 meters.

<sup>&</sup>lt;sup>2</sup> For AM - 5 mV/m; for commercial FM - 3.16 mV/m; for noncommercial educational FM - 1.0 mV/m.

<sup>&</sup>lt;sup>3</sup> For AM - 0.5 mV/m contour; for FM - 1.0 mV/m contour.

may operate with the following facilities:

Geographic coordinates:

33° 29′ 04″ N, 86° 48′ 25″ W (NAD 1927)

Channel

276 (103.1 MHz)

Effective radiated power:

0.25 kilowatt (H&V)

Antenna type

Nondirectional

Antenna height:

above ground:

126 meters

above mean sea level:

415 meters

above average terrain

223 meters

RMB must notify the Commission when licensed operation is restored. RMB must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on July 7, 2011.

Sincerely,

Charles N. Miller, Engineer

Audio Division Media Bureau
