Re: KJHM, Strasburg, Colorado
Facility Identification Number: 38629
Max Radio of Denver LLC
Special Temporary Authorization

Dear Counsel:

This is in reference to the request filed January 4, 2011, on behalf of Max Radio of Denver LLC ("MRD"). MRD requests extension of the special temporary authority ("STA") granted on July 8, 2010, for operation of Station KJHM with reduced power.¹ In support of the request, MRD states that it continues to operate with reduced power following lightning damage to the station's antenna system. MRD states that completion of repairs has been delayed by adverse winter weather conditions and the business failure of the original contractor.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Our review indicates that the licensee has been prevented from restoring licensed operation due to causes beyond its control and has taken all possible steps to expeditiously resolve the problem. Thus, extension of STA is warranted.

Accordingly, the request for extension of STA IS HEREBY GRANTED. Station KJHM may

¹ KJHM is licensed for operation on Channel 268C (101.5 MHz) with effective radiated power of 97 kilowatts (H&V) and antenna height above average terrain of 625 meters.

continue to operate with reduced power. MRD must notify the Commission when licensed operation is restored. MRD must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **September 1, 2011**.

Sincerely,

A handwritten signature in blue ink, appearing to read "Charles N. Miller", with a long horizontal flourish extending to the right.
