In re: Western Slope Communications, LLC (Western)
KRGs(AM), Rifle, CO
Facility Identification Number: 71960
File No. BP-20091006ACF

Dear Mr. Holmes:

This is in reference to: the above-captioned minor change application filed by Western to change the KRGs(AM) transmitter site and non-directional antenna system; our May 27, 2010, letter requesting a curative amendment; and the November 3, 2010, amendment.

A preliminary review of the November 3, 2010, amendment indicates that Western has requested to withhold further action on the application due to the conflict with the AM Auction 84 Form 175 short form application NEW, Flagstaff, Arizona (File No. BNP-20040126AJW). Accordingly, this application will be placed on hold pending final action on the Flagstaff application.

Sincerely,

Son Nguyen
Supervisory Engineer
