In re: KSVY(FM), Sonoma, CA
Facility ID No. 78100
Commonbond Foundation
BPED-20110211ADD

Dear Applicant:

This refers to the above-captioned construction permit application for improvements in the broadcast facilities of non-commercial educational Station KSVY, Sonoma, CA.

An engineering study of the application reveals that it is in violation of 47 C.F.R. Section 73.509 with respect to the co-channel Class A construction permit (BNPED-20071018BCR) for a Station KDVZ(FM), to serve the community of Point Reyes, CA. Specifically, KSVY's proposed interfering contour (40 dBu) would cause overlap to KDVZ's protected contour (60 dBu) on land by as much as 3 kilometers between the azimuths from 241°T to 246°T. This constitutes an acceptance defect.

In light of the above, application BPED-20110211ADD is unacceptable for filing, pursuant to 47 C.F.R. Section 73.3566(a) and is HEREBY DISMISSED. This action is taken pursuant to 47 C.F.R. Section 0.283.

Sincerely,

Rodolfo F. Bonacci
Assistant Chief
