Re: Major Market Stations, Inc.
KWRM (AM), Corona, California
Facility Identification Number: 39692
Special Temporary Authority

Dear Counsel:

This is in reference to the request filed February 2, 2011, on behalf of Major Market Stations, Inc. ("MMS"). MMS requests extension of the special temporary authority ("STA") granted on January 28, 2010, to operate Station KWRM with emergency antenna facilities pursuant to Section 73.1680.¹

In support of the request, MMS states that it continues the process of restoring one of the station's daytime towers which collapsed during a storm on January 19, 2010.

We note that the previous STA expired on July 28, 2010. Our review indicates that the circumstances presented warrant grant of STA in order to provide for service to the public, and that the requested STA facilities are the same as were previously authorized. However, in light of the lapse of time between the expiration of the prior STA and the filing of the instant request, it will be considered as a request for a new STA; the authority granted will not cover the period between the expiration of the prior STA and the filing of the instant request.

Accordingly, the request for STA IS HEREBY GRANTED. Station KWRM may operate during daytime hours with an emergency nondirectional antenna and reduced power not to exceed 1.25 kW. It will be necessary to further reduce power or cease operation if complaints of interference are received. MMS must notify the Commission when licensed operation is restored.² MMS must use whatever means are necessary to protect workers and the public from exposure to radio

¹ KWRM is licensed for operation on 1370 kHz with 5 kilowatts daytime and 2.5 kilowatts nighttime, employing different directional antenna patterns daytime and nighttime (DA-2-U).

² See 47 CFR §§ 73.45(c), 73.51, 73.61(b).

frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310. The authority granted herein does not cover the period between July 28, 2010, and February 2, 2011, and is without prejudice as to whatever action the Commission may take with respect to operation of Station KWRM during the foregoing period.

This authority expires on **October 11, 2011**.

Sincerely,

A handwritten signature in blue ink, appearing to read "Charles N. Miller", with a long horizontal flourish extending to the right.
