Dear Mr. Folliard:

This is in response to your April 28, 2011 filing on behalf of KRTV Communications, Inc., the licensee of Class A television station K45CS-D, Lewiston, Montana. By letter dated March 31, 2011, the Video Division requested information regarding KRTV's failure to make the required quarterly Form 398 electronic filings for the station. The Division letter also stated that if the failure to make the quarterly filings was due to KRTV's election to let the station revert to low power television status, it need only notify the Commission of this election and request a change in status for the station as permitted by Section 73.6001(d) of the Commission's rules.

In your filing, you request a change in status for K45CS-D from Class A to low power television status. Please be informed that we have changed the status of the station as requested and that no further action is required of KRTV Communications, Inc,
