In re: The Voice of International Christian
Evangelism, Inc. (Voice)
KGBA(AM), Heber, California
Facility Identification Number: 8174
File Number: BP-20090723AAQ

Dear Mr. Neely:

This letter refers to the above-captioned application filed by Voice to increase power for Class C station KGBA(AM), our November 17, 2009, letter requesting an amendment to respond to the Mexican objection and to eliminate overlap with the proposed new AM station at Lemon Grove, California (File No. BNP-20040129ARJ), and the Voice February 22, 2011, letter.

In the February 22, 2011, letter, Voice requests for the Lemon Grove application be processed pursuant to Section 73.3571 of the Commission's rules, and since Mexico failed to respond within the reply period established by the U.S/Mexican Agreement, the proposal should be accepted by Mexico.

Further study of the application indicates that it remains in conflict with the Lemon Grove application, and that, Mexico has not yet responded to additional International Bureau staff inquiries concerning the objection. Consequently, no further action can be taken on this application.

Accordingly, further action on this application will be withheld pending final action on the Lemon Grove application and receipt of the Mexican response.

Sincerely,

Son Nguyen
Supervisor Engineer
