Re: WMUK FM Kalamazoo MI 102.1 MHz  
Facility Identification Number: 71874  
Notification of Increase in Digital Injection to -14 dbc

To Whom it May Concern:

The Board of Trustees of Western Michigan University [WMU] hereby notifies the Commission of the commencement of injection levels of -14 dbc in its digital broadcasting using iBiquity Digital Corporation's HD Radio™ technology. Consistent with the Commission's recent Order on increased digital operations, WMU hereby supplies the following information in support of this notification.

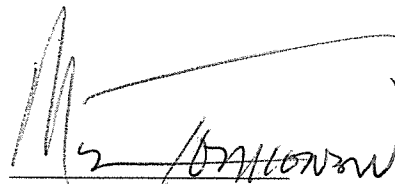

1. *Date.* WMU commenced increased injection digital broadcasts on July 8, 2011
2. *Certification of Facilities.* WMU hereby certifies its facilities conform to the iBiquity Digital Corporation hybrid FM specifications with the exception of the increased digital injection.
3. *Technical Reference.* In the event of interference, questions should be directed to WMU's technical representative:  
Mark Tomlonson  
269 387 5738
4. *Transmitter Output Power.*

Combined: 20 kW

4. *Effective Radiated Power:*  
Combined: 50 kW  
Analog: 48.0095 kW  
Digital: 1.9905 kW

5. *Radiation Exposure Certification.* WMU hereby certifies that its interim digital operations will not cause human exposure to levels of radio frequency radiation in excess of Section 1.1310 of the Commission's rules and is therefore categorically excluded from environmental processing pursuant to Section 1.1306 (b).

Any questions concerning this notification should be directed to the undersigned.
