Gentlemen:

This refers to your request dated March 14, 2011, for special temporary authority (STA) to operate at reduced effective radiated power (ERP). You point out that the Station's transmitter building was damaged by heavy snow. You indicate that reduced power operations will continue to be necessary while the applicant is trying to permanently resolve these issues.

In light of the above, special temporary authority pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules until November 11, 2011 IS GRANTED.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

Kevin R. Harding  
Associate Chief  
Video Division
