Gentlemen:

This refers to your request dated June 13, 2011, for special temporary authority (STA) to operate at reduced effective radiated power (ERP). You point out that KIMT dropped to 65% of its authorized power on June 3, 2011, due to a failure of its output amplifier. You indicate that reduced power operations will continue to be necessary while the applicant is trying to permanently resolve these issues.

In light of the above, special temporary authority pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules until March 13, 2012 IS GRANTED.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

Kevin R. Harding
