Re: File No. BDISDVA-20080804AEL
Facility ID No. 66321

Dear Applicant:

By letter dated September 10, 2010, the staff dismissed the above-referenced displacement application because the Government of Mexico objected to the proposed facility. Regents of the University of California filed a timely petition for reconsideration submitting an engineering statement demonstrating that no interference would result from the operation of its proposed facility to channel 12 in Tijuana, BC.

In view of the foregoing, the petition for reconsideration IS GRANTED and the application IS REINSTATED for further coordination with the Government of Mexico.

Sincerely,

Hossein Hashemzadeh
Deputy Chief, Video Division
