Re: File No. BNPDTL-20090825AWE  
Facility ID No. 182499

Dear Applicant:

By letter dated February 7, 2011, the staff dismissed the above-referenced application for a construction permit for a new digital low power television station on channel 23 at Sioux Falls, South Dakota. The application was dismissed because Casey C. Peterson had failed to respond to an earlier deficiency letter requesting that the application be amended to resolve discrepancies in the tower information in the application.

Mr. Peterson filed a timely petition for reconsideration stating that he has no record of having received the deficiency letter. In view of the foregoing, the petition for reconsideration filed by Casey C. Peterson IS GRANTED and the application IS REINSTATED for further processing. An amendment to the application must be filed within 30 days of the date of this letter.

Sincerely,

Hossein Hashemzadeh  
Deputy Chief, Video Division  
Media Bureau
