The following analog translator Channels have been relicensed in Carbon County's translator system as new digital channels and are therefore not used anymore. We would ask you to cancel the following analog licenses licensed to Carbon County.

License	Facility
K47GP	8761
K39CO	8742
K31HL	126730
K33HS	126727
K36HE	126724

I was wondering about the new cutoff date for out of core translators. I filed 9 applications in June of this year and have received one CP. Will all of these be resolved by the end of the year and if there are issues will there be time to resubmit if necessary.

Appreciate your help as always,
