Re: Radio Vision Cristiana Management
WVZN (AM), Columbia, Pennsylvania
Facility Identification Number: 25819
Special Temporary Authority

Dear Counsel:

This is in reference to the request filed July 11, 2011, on behalf of Radio Vision Cristiana Management ("RVCM"). RVCM requests further extension of the special temporary authority ("STA") granted on November 2, 2009, to former licensee Esfuerzo de Union Cristiana, to operate Station WVZN with temporary facilities.¹

In support of the request, RVCM states that it continues its diligent search for a new site.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Our review indicates that the licensee has been prevented from restoring licensed operation due to causes beyond its control and has taken all possible steps to expeditiously resolve the problem. Thus, extension of STA is warranted.

Accordingly, the request for extension of STA IS HEREBY GRANTED. Station WVZN may continue to operate with the following facilities:

¹ WVZN is licensed for operation on 1580 kHz with 0.5 kilowatt daytime and 0.005 kilowatt nighttime, employing a nondirectional antenna (ND-2-U).

Geographic coordinates	40° 01' 28" N, 76° 28' 31" W (NAD 1927)
Frequency	1580 KHz
Hours of operation	Unlimited
Operating power	Not to exceed 0.5 kW daytime, 0.005 kW nighttime
Antenna type	long wire
Overall height	9.1 meters (30')

It will be necessary to further reduce power or cease operation if complaints of interference are received. RVCN must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **April 13, 2012**.

Sincerely,

A handwritten signature in blue ink, appearing to read "Charles N. Miller", with a long horizontal flourish extending to the right.

Charles N. Miller, Engineer
