Re: Surrender of Construction Permit
BMPDTL-20110302ABT
W50DU-D, Port Jervis, NY (Fac. ID 167316)

Dear Ms. Dortch:

Venture Technologies Group, LLC ("VTG"), by its counsel, hereby surrenders the captioned construction permit for a minor modification of W50DU-D (the "Minor Modification Permit"). The Minor Modification Permit is subject to a pending petition for reconsideration filed by Renard Communications Corp ("Renard"). VTG's surrender of the Minor Modification Permit will serve as its response to Renard's petition for reconsideration.

Renard simultaneously filed an informal objection to VTG's January 3, 2011 request for an extension (the "Extension Request")¹ of W50DU-D's underlying construction permit.² VTG will respond separately to the merits of Renard's informal objection to the Extension Request. At present, VTG does not intend to withdraw the Extension Request or to surrender the Underlying Permit, and the surrender of the Minor Modification Permit should not be construed as such.

Should you have any questions regarding the foregoing, please do not hesitate to contact the undersigned.

Respectfully submitted,

Matthew L. Gibson

Enclosure

¹ FCC File No. BEP-20110103ACQ.

² FCC File No. BMPDTL-20090410AWF (the "Underlying Permit").

Marlene H. Dortch, Secretary

This permit modifies permit no.: BMPDTL-20090410AWF

Subject to the provisions of the Communications Act of 1934, as amended, subsequent acts and treaties, and all regulations heretofore or hereafter made by this Commission, and further subject to the conditions set forth in this permit, the permittee is hereby authorized to construct the radio transmitting apparatus herein described. Installation and adjustment of equipment not specifically set forth herein shall be in accordance with representations contained in the permittee's application for construction permit except for such modifications as are presently permitted, without application, by the Commission's Rules.

Commission rules which became effective on February 16, 1999, have a bearing on this construction permit. See Report & Order, Streamlining of Mass Media Applications, MM Docket No. 98-43, 13 FCC RCD 23056, Para. 77-90 (November 25, 1998); 63 Fed. Reg. 70039 (December 18, 1998). Pursuant to these rules, this construction permit will be subject to automatic forfeiture unless construction is complete and an application for license to cover is filed prior to expiration. See Section 73.3598.

Equipment and program tests shall be conducted only pursuant to Sections 73.1610 and 73.1620 of the Commission's Rules.

Name of Permittee: VENTURE TECHNOLOGIES GROUP, LLC

Station Location: NY-PORT JERVIS.

Frequency (MHz): 686 - 692

Channel: 50

Hours of Operation: Unlimited

Transmitter: Type Accepted. See Sections 74.750 of the Commission's Rules.

Antenna type: (directional or non-directional): Directional

Description: MCI 955318

Major lobe directions 11 101
(degrees true):

Beam Tilt: Not Applicable

Antenna Coordinates: North Latitude: 41 deg 00 min 35 sec

West Longitude: 74 deg 35 min 39 sec

Maximum Effective Radiated Power (ERP): 1.8 kW

Transmitter Output Power: 0.1 kW

Height of radiation center above ground: 65.2 Meters

Height of radiation center above mean sea level: 471.5 Meters

Antenna structure registration number: 1032928

Overall height of antenna structure above ground (including obstruction lighting if any) see the registration for this antenna structure.

Out-of-Channel Emission mask: Stringent
