Re: Cameron University
KZCU(FM), Woodward, Oklahoma
Facility Identification Number: 82843
Special Temporary Authority

Dear Counsel:

This is in reference to the request filed August 29, 2011, on behalf of Cameron University ("CU"). CU requests extension of the special temporary authority ("STA") granted on March 4, 2011, to operate Station KZCU with reduced power.¹ In support of the request, CU states that the station's transmitter has been damaged and must be replaced. CU further states that it is in the process of replacing the transmitter at commonly owned Station KCCU, after which the current KCCU transmitter will be installed at Station KZCU.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Our review indicates that the licensee has made progress toward restoration of licensed operation, but additional time is required for completing the work. Thus, extension of STA is warranted.

Accordingly, the request for extension of STA IS HEREBY GRANTED. Station KZCU may

¹ KZCU is licensed for operation on Channel 240A (95.9 MHz) with effective radiated power of 6 kilowatts (H&V) and antenna height above average terrain of 100 meters.

continue to operate with reduced power. CU must notify the Commission when licensed operation is restored. CU must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **May 7, 2012**.

Sincerely,

A handwritten signature in blue ink, appearing to read "Charles N. Miller".
