Re: Cumulus Licensing LLC ("Cumulus")
KRMD(AM), Shreveport, Louisiana
Facility Identification Number: 1305
BMP-20101021ADA

Dear Mr. Lipp:

This is in reference to the above-captioned application for station KRMD(AM) to replace the antenna, and the December 19, 2011, letter requesting additional time to respond to the Commission's October 20, 2011, letter.¹

In the October 20, 2011, letter, the Commission explicitly stated that no further requests for extension of time would be considered because Cumulus has been afforded over 11 months in which to amend the application. Cumulus did not file the required curative amendment to the application by the December 20, 2011, deadline, thereby forfeiting its final opportunity to perfect the application. Accordingly, pursuant to 47 C.F.R. Section 73.3568, and under the authority of 47 C.F.R. Section 0.283, Cumulus' December 20, 2011, request for additional time IS DENIED, and the application BMP-20101021ADA IS DISMISSED for failure to prosecute.

Sincerely,

Son Nguyen
Supervisory Engineer
Audio Division
Media Bureau

cc: R. Stuart Graham

¹ On January 28, 2011, the staff sent a deficiency letter requesting for an amendment to correct the daytime antenna efficiency. Cumulus requested additional time on February 28, March 14, May 11, July 12, and September 12, 2011, to conduct measurements to establish the ground conductivity surrounding the antenna site. By letter dated October 20, 2011, the staff granted Cumulus' request, giving Cumulus until December 20, 2011 to file the amendment.
