Facility ID No. 175564
BMPED-20111213ACY

Dear Applicant:

This letter is in reference to the above-captioned application to modify the transmitter location, and effective radiated power.

An engineering study of the application reveals that it is in violation of 47 C.F.R. § 73.509 with respect to co-channel Class A license (BLED-19950306KD) for WXHD(FM), Mount Hope, NY. Specifically, the proposed protected contour (60 dBu) will receive prohibited overlap from WXHD's interfering contour (40 dBu) by as much as 1.1 kilometers between the azimuths of 220°T to 241°T. This was not addressed in the application. This violation constitutes an acceptance defect.

In light of the above, Application BMPED-20111213ACY is unacceptable for filing pursuant to 47 C.F.R § 73.3566(a) and is HEREBY DISMISSED. This action is taken pursuant to 47 C.F.R § 0.283.

Sincerely,
