In re: KSOC-FM, Gainesville, TX
Radio One Licenses, LLC ("Radio One")
Facility ID No.: 6386
Main Studio Showing

Dear Ms. Plantamura:

This is in reference to the above-captioned showing, filed May 15, 2002 on behalf of Radio One, requesting confirmation that a new proposed main studio location of KSOC complies with 47 C.F.R. § 73.1125(a).

Prediction of coverage is governed by 47 C.F.R. § 73.313, which permits supplemental terrain showings. The May 15, 2002 filing contained a supplemental terrain showing demonstrating that the proposed main studio location would be encompassed by KSOC's principal (70 dBu) community contour in compliance with § 73.1125(a).

Our study has confirmed that the supplemental terrain showing adequately demonstrated that KSOC's proposed main studio location is encompassed by its principal community contour. Therefore, the operation of KSOC's licensed facilities (BMLH-2001219AAZ), with the main studio located at 13331 Preston Road, Dallas, Texas, complies with 47 C.F.R. § 73.1125(a).¹

Sincerely

Arthur E. Doak
