Re: KQRZ-LP, Hillsboro, OR
Facility I.D. No.: 134266
Heritage Christian School
BMPL-20080402AAA

Dear Applicant:

This letter refers to the above-captioned application for a minor change to change to 268L1 in Hillsboro, OR.

In the application, Heritage Christian School proposes to operate on channel 268, pursuant to the second adjacent channel waiver procedures adopted by the Commission in its Third Report and Order in *Creation of a Low Power Radio Service*.¹ In accordance with these procedures, this letter constitutes approval to operate under special temporary authority ("STA") with the following facilities:

Geographic coordinates:	45° 30' 27" N, 122° 58' 02" W (NAD 27)
Channel	268
Effective radiated power:	0.100 kilowatt
Antenna height:	
above ground:	13 meters
above mean sea level:	65 meters
Above average terrain:	-8 meters

The staff has tentatively concluded that the KQRZ -LP application meets the requirements of the Second-Adjacent Channel Waiver Standard and is otherwise acceptable for filing. An engineering analysis has determined that there are no alternate, fully spaced, and rule compliant channels available. Application BMPL-20080402AAA will be retained in pending status and the request for STA IS HEREBY GRANTED. STAs issued pursuant to these procedures will be subject to any action taken by the Commission in the *Second Further Notice*. The Commission

will withhold final determination of the waiver request until action on the *Second Further Notice* proposals.

KQRZ-LP must notify the Commission when STA operation has commenced. KQRZ-LP must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **February 25, 2009**.

Sincerely,

A handwritten signature in blue ink, appearing to read "Rodolfo F. Bonacci".
