Dear Mr. Eads,

KGLP-FM, Gallup, New Mexico, is operated by Gallup Public Radio under the terms of a Rocky Mountain Waiver of 47 C.F.R., 73.1860. This waiver, granted by the Commission on 01 May 1991, permits unattended operation during periods when the station is rebroadcasting the signal of another station.

KGLP has lost permission to rebroadcast the signal from the other station. Therefore, we must, temporarily, assume full time operations ourselves until we acquire another Public Radio signal. We expect that this period will not exceed 30 days.

KGLP will provide local origination for the interim period with an operator to monitor the transmitter as required by regulation.

Gallup Public Radio will further notify the Commission when rebroadcasting operation resumes.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Michael J. Cohen'.
