MDCL Waiver Request
KFQD-AM, Anchorage, AK
Facility ID 52675

To whom it may concern,

MCC Radio, LLC respectfully requests waiver of §73.1560(a) of the Commission's rules in order to implement Modulation Dependent Carrier Level (MDCL) at KFQD-AM, Anchorage, AK. MCC proposes use of the Amplitude Modulation Companding (AMC+) technology. The KFQD transmitter, a Harris DX-50, will be modified by installing a custom modulation board supplied by Harris.

Should Commission staff have any questions, they may contact KFQD Chief Engineer Paul Jewusiak by e-mail at paul.jewusiak@anchoragemediagroup.com or by phone at (907) 275-2231.
