RE: Station WINK (AM), Pine Island Center, Florida
Rule 73.1615(c) Notification

Ladies and Gentlemen:

Fort Myers Broadcasting Company hereby notifies you that Station WINK, Pine Island Center, Florida is in the process of modifying its facilities as authorized in construction permit BP-20081103ACC. The new daytime directional antenna pattern is operational and will be run with 50,000 watts input power for proof of performance testing during daytime hours pursuant to Rule 73.1615. Power will be reduced to the presently-authorized power at all other times, with nighttime operation continuing as authorized.

Respectfully submitted

Joseph A. Belisle
Counsel for

FORT MYERS BROADCASTING COMPANY

cc: Mr. Charles N. Miller, Audio Division, FCC (via email)
Mr. Wayne Simons (For the Public File)
