Re: Divine Word Communications
WDLG(FM), Thomasville, Alabama
Facility Identification Number: 86328
Special Temporary Authority

Dear Mr. Kilgore:

This is in reference to the request filed April 9, 2012, on behalf of Divine Word Communications ("DWC"). DWC requests extension of the special temporary authority ("STA") granted on November 1, 2011, to operate Station WDLG with temporary facilities.¹ In support of the request, DWC states that it has filed Application BPED-20120313AEE, for relocation of the transmitter to a new, permanent site.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Our review indicates that the licensee has made substantial progress toward restoring licensed operation. Thus, extension of STA is warranted.

Accordingly, the request for extension of STA IS HEREBY GRANTED. Station WDLG may continue to operate with the following facilities:

¹ WDLG is licensed for operation on Channel 211A (90.1 MHz) with effective radiated power of 0.5 kilowatt (H&V) and antenna height above average terrain of 76 meters.

Geographic coordinates:	31° 43' 43" N, 87° 45' 04" W (NAD 1927)
Channel	211 (90.1 MHz)
Effective radiated power:	0.05 kilowatt (H&V)
Antenna height:	
above ground:	56 meters
above mean sea level:	202 meters
above average terrain:	99 meters

DWC must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **November 21, 2012**.

Sincerely,

A handwritten signature in blue ink, appearing to read "Charles N. Miller", with a stylized flourish at the end.

Charles N. Miller, Engineer
